720.301 Definitions.--As used in this chapter, the term:

(1) "**Assessment**" or "**amenity fee**" means a sum or sums of money payable to the association, to the developer or other owner of common areas, or to recreational facilities and other properties serving the parcels by the owners of one or more parcels as authorized in the governing documents, which if not paid by the owner of a parcel, can result in a lien against the parcel.

(2) "**Common area**" means all real property within a community which is owned or leased by an association or dedicated for use or maintenance by the association or its members, including, regardless of whether title has been conveyed to the association:

(a) Real property the use of which is dedicated to the association or its members by a recorded plat; or

(b) Real property committed by a declaration of covenants to be leased or conveyed to the association.

(3) "**Community**" means the real property that is or will be subject to a declaration of covenants which is recorded in the county where the property is located. The term "community" includes all real property, including undeveloped phases, that is or was the subject of a development-of-regional-impact development order, together with any approved modification thereto.

(4) "**Declaration of covenants,**" or "**declaration,**" means a recorded written instrument in the nature of covenants running with the land which subjects the land comprising the community to the jurisdiction and control of an association or associations in which the owners of the parcels, or their association representatives, must be members.

(5) "**Department**" means the Department of Business and Professional Regulation.

(6) "**Developer**" means a person or entity that:

(b) Succeeds to the rights and liabilities of the person or entity that created the community served by the association, provided that such is evidenced in writing.

The term "homeowners' association" does not include a community development district or other similar special taxing district created pursuant to statute.

(10) "**Member**" means a member of an association, and may include, but is not limited to, a parcel owner or an association representing parcel owners or a combination thereof, and includes any person or entity obligated by the governing documents to pay an assessment or amenity fee.

720.302 Purposes, scope, and application.--

(1) The purposes of this chapter are to give statutory recognition to corporations not for profit that operate residential communities in this state, to provide procedures for operating homeowners' associations, and to protect the rights of association members without unduly impairing the

ability of such associations to perform their functions.

(2) The Legislature recognizes that it is not in the best interest of homeowners' associations or the individual association members thereof to create or impose a bureau or other agency of state government to regulate the affairs of homeowners' associations. However, in accordance with s. [720.311](#), the Legislature finds that homeowners' associations and their individual members will benefit from an expedited alternative process for resolution of election and recall disputes and presuit mediation of other disputes involving covenant enforcement and authorizes the department to hear, administer, and determine these disputes as more fully set forth in this chapter. Further, the Legislature recognizes that certain contract rights have been created for the benefit of homeowners' associations and members thereof before the effective date of this act and that ss. [720.301](#)-[720.407](#) are not intended to impair such contract rights, including, but not limited to, the rights of the developer to complete the community as initially contemplated.

(3) This chapter does not apply to:

(a) A community that is composed of property primarily intended for commercial, industrial, or other nonresidential use; or

(b) The commercial or industrial parcels in a community that contains both residential parcels and parcels intended for commercial or industrial use.

(4) This chapter does not apply to any association that is subject to regulation under chapter 718, chapter 719, or chapter 721; or to any nonmandatory association formed under chapter 723.

(5) Unless expressly stated to the contrary, corporations not for profit that operate residential homeowners' associations in this state shall be governed by and subject to chapter 617 and this chapter. This subsection is intended to clarify existing law.

720.303 Association powers and duties; meetings of board; official records; budgets; financial reporting; association funds; recalls.--

(1) **POWERS AND DUTIES.**--An association which operates a community as defined in s. [720.301](#), must be operated by an association that is a Florida corporation. After October 1, 1995, the association must be incorporated and the initial governing documents must be recorded in the official records of the county in which the community is located. An association may operate more than one community. The officers and directors of an association have a fiduciary relationship to the members who are served by the association. The powers and duties of an association include those set forth in this chapter and, except as expressly limited or restricted in this chapter, those set forth in the governing documents. After control of the association is obtained by members other than the developer, the association may institute, maintain, settle, or appeal actions or hearings in its name on behalf of all members concerning matters of common interest to the members, including, but not limited to, the common areas; roof or structural components of a building, or other improvements for which the association is responsible; mechanical, electrical, or plumbing elements serving an improvement or building for which the association is responsible; representations of the developer pertaining to any existing or proposed commonly used facility; and protesting ad valorem taxes on commonly used facilities. The association may defend actions in eminent domain or bring inverse condemnation actions. Before commencing litigation against any party in the name of the association involving amounts in controversy in excess of \$100,000, the association must obtain the affirmative approval of a majority of the voting interests at a meeting of the membership at which a quorum has been attained. This subsection does not limit any statutory or common-law right of any individual member or class of members to bring any action without participation by the association. A member does not have authority to act for the association by virtue of being a member. An association may have more than one class of members and may issue membership certificates. An association of 15 or fewer parcel owners may enforce only the requirements of those deed restrictions established prior to the purchase of each parcel upon an affected parcel owner or owners.

¹(2) **BOARD MEETINGS.**--

(a) A meeting of the board of directors of an association occurs whenever a quorum of the board gathers to conduct association business. All meetings of the board must be open to all members except for meetings between the board and its attorney with respect to proposed or pending litigation where the contents of the discussion would otherwise be

governed by the attorney-client privilege.

(b) Members have the right to attend all meetings of the board and to speak on any matter placed on the agenda by petition of the voting interests for at least 3 minutes. The association may adopt written reasonable rules expanding the right of members to speak and governing the frequency, duration, and other manner of member statements, which rules must be consistent with this paragraph and may include a sign-up sheet for members wishing to speak. Notwithstanding any other law, the requirement that board meetings and committee meetings be open to the members is inapplicable to meetings between the board or a committee and the association's attorney, with respect to meetings of the board held for the purpose of discussing personnel matters.

(c) The bylaws shall provide for giving notice to parcel owners and members of all board meetings and, if they do not do so, shall be deemed to provide the following:

1. Notices of all board meetings must be posted in a conspicuous place in the community at least 48 hours in advance of a meeting, except in an emergency. In the alternative, if notice is not posted in a conspicuous place in the community, notice of each board meeting must be mailed or delivered to each member at least 7 days before the meeting, except in an emergency. Notwithstanding this general notice requirement, for communities with more than 100 members, the bylaws may provide for a reasonable alternative to posting or mailing of notice for each board meeting, including publication of notice, provision of a schedule of board meetings, or the conspicuous posting and repeated broadcasting of the notice on a closed-circuit cable television system serving the homeowners' association. However, if broadcast notice is used in lieu of a notice posted physically in the community, the notice must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required. When broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. The bylaws or amended bylaws may provide for giving notice by electronic transmission in a manner authorized by law for meetings of the board of directors, committee meetings requiring notice under this section, and annual and special meetings of the members; however, a member must consent in writing to receiving notice by electronic transmission.

22. An assessment may not be levied at a board meeting unless the notice of the meeting includes a statement that assessments will be considered and the nature of the assessments. Written notice of any meeting at which special assessments will be considered or at which amendments to rules regarding parcel use will be considered must be mailed, delivered, or electronically transmitted to the members and parcel owners and posted conspicuously on the property or broadcast on closed-circuit cable television not less than 14 days before the meeting.

3. Directors may not vote by proxy or by secret ballot at board meetings, except that secret ballots may be used in the election of officers. This subsection also applies to the meetings of any committee or other similar body, when a final decision will be made regarding the expenditure of association funds, and to any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

(d) If 20 percent of the total voting interests petition the board to address an item of business, the board shall at its next regular board meeting or at a special meeting of the board, but not later than 60 days after the receipt of the petition, take the petitioned item up on an agenda. The board shall give all members notice of the meeting at which the petitioned item shall be addressed in accordance with the 14-day notice requirement pursuant to ³subparagraph (c)2. Each member shall have the right to speak for at least 3 minutes on each matter placed on the agenda by petition, provided that the member signs the sign-up sheet, if one is provided, or submits a written request to speak prior to the meeting. Other than addressing the petitioned item at the meeting, the board is not obligated to take any other action requested by the petition.

(3) MINUTES.--Minutes of all meetings of the members of an association and of the board of directors of an association must be maintained in written form or in another form that can be converted into written form within a reasonable time. A vote or abstention from voting on each matter voted upon for each director present at a board meeting must be recorded in the minutes.

(4) OFFICIAL RECORDS.--The association shall maintain each of the following items, when applicable, which constitute the official records of the association:

(a) Copies of any plans, specifications, permits, and warranties related to

improvements constructed on the common areas or other property that the association is obligated to maintain, repair, or replace.

(b) A copy of the bylaws of the association and of each amendment to the bylaws.

(c) A copy of the articles of incorporation of the association and of each amendment thereto.

(d) A copy of the declaration of covenants and a copy of each amendment thereto.

(e) A copy of the current rules of the homeowners' association.

(f) The minutes of all meetings of the board of directors and of the members, which minutes must be retained for at least 7 years.

(g) A current roster of all members and their mailing addresses and parcel identifications. The association shall also maintain the electronic mailing addresses and the numbers designated by members for receiving notice sent by electronic transmission of those members consenting to receive notice by electronic transmission. The electronic mailing addresses and numbers provided by unit owners to receive notice by electronic transmission shall be removed from association records when consent to receive notice by electronic transmission is revoked. However, the association is not liable for an erroneous disclosure of the electronic mail address or the number for receiving electronic transmission of notices.

(h) All of the association's insurance policies or a copy thereof, which policies must be retained for at least 7 years.

(i) A current copy of all contracts to which the association is a party, including, without limitation, any management agreement, lease, or other contract under which the association has any obligation or responsibility. Bids received by the association for work to be performed must also be considered official records and must be kept for a period of 1 year.

(j) The financial and accounting records of the association, kept according to good accounting practices. All financial and accounting records must be maintained for a period of at least 7 years. The financial and accounting records must include:

1. Accurate, itemized, and detailed records of all receipts and expenditures.

2. A current account and a periodic statement of the account for each member, designating the name and current address of each member who is obligated to pay assessments, the due date and amount of each assessment or other charge against the member, the date and amount of each payment on the account, and the balance due.

3. All tax returns, financial statements, and financial reports of the association.

4. Any other records that identify, measure, record, or communicate financial information.

(k) A copy of the disclosure summary described in s. [720.401\(1\)](#).

(l) All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(5) INSPECTION AND COPYING OF RECORDS.--The official records shall be maintained within the state and must be open to inspection and available for photocopying by members or their authorized agents at reasonable times and places within 10 business days after receipt of a written request for access. This subsection may be complied with by having a copy of the official records available for inspection or copying in the community. If the association has a photocopy machine available where the records are maintained, it must provide parcel owners with copies on request during the inspection if the entire request is limited to no more than 25 pages.

(a) The failure of an association to provide access to the records within 10 business days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this subsection.

(b) A member who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply with this subsection. The minimum damages are to be \$50 per calendar day up to 10 days, the calculation to begin on the 11th business day after receipt of the written request.

(c) The association may adopt reasonable written rules governing the frequency, time, location, notice, records to be inspected, and manner of inspections, but may not impose a requirement that a parcel owner demonstrate any proper purpose for the inspection, state any reason for the inspection, or limit a parcel owner's right to inspect records to less than one 8-hour business day per month. The association may impose fees to cover the costs of providing copies of the official records, including, without limitation, the costs of copying. The association may charge up to 50 cents per page for copies made on the association's photocopier. If the association does not have a photocopy machine available where the records are kept, or if the records requested to be copied exceed 25 pages in length, the association may have copies made by an outside vendor and may charge the actual cost of copying. The association shall maintain an adequate number of copies of the recorded governing documents, to ensure their availability to members and prospective members. Notwithstanding the provisions of this paragraph, the following records shall not be accessible to members or parcel owners:

1. Any record protected by the lawyer-client privilege as described in s. [90.502](#) and any record protected by the work-product privilege, including, but not limited to, any record prepared by an association attorney or prepared at the attorney's express direction which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association and was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings or which was prepared in anticipation of imminent civil or criminal litigation or imminent adversarial administrative proceedings until the conclusion of the litigation or adversarial administrative proceedings.

2. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a parcel.

3. Disciplinary, health, insurance, and personnel records of the association's employees.

4. Medical records of parcel owners or community residents.

(6) BUDGETS.--The association shall prepare an annual budget. The budget must reflect the estimated revenues and expenses for that year and the estimated surplus or deficit as of the end of the current year. The budget must set out separately all fees or charges for recreational amenities, whether owned by the association, the developer, or another

person. The association shall provide each member with a copy of the annual budget or a written notice that a copy of the budget is available upon request at no charge to the member. The copy must be provided to the member within the time limits set forth in subsection (5).

(7) FINANCIAL REPORTING.--The association shall prepare an annual financial report within 60 days after the close of the fiscal year. The association shall, within the time limits set forth in subsection (5), provide each member with a copy of the annual financial report or a written notice that a copy of the financial report is available upon request at no charge to the member. Financial reports shall be prepared as follows:

(a) An association that meets the criteria of this paragraph shall prepare or cause to be prepared a complete set of financial statements in accordance with generally accepted accounting principles. The financial statements shall be based upon the association's total annual revenues, as follows:

1. An association with total annual revenues of \$100,000 or more, but less than \$200,000, shall prepare compiled financial statements.
2. An association with total annual revenues of at least \$200,000, but less than \$400,000, shall prepare reviewed financial statements.
3. An association with total annual revenues of \$400,000 or more shall prepare audited financial statements.

(b)1. An association with total annual revenues of less than \$100,000 shall prepare a report of cash receipts and expenditures.

2. An association in a community of fewer than 50 parcels, regardless of the association's annual revenues, may prepare a report of cash receipts and expenditures in lieu of financial statements required by paragraph (a) unless the governing documents provide otherwise.

3. A report of cash receipts and disbursement must disclose the amount of receipts by accounts and receipt classifications and the amount of expenses by accounts and expense classifications, including, but not limited to, the following, as applicable: costs for security, professional, and management fees and expenses; taxes; costs for recreation facilities; expenses for refuse collection and utility services; expenses for lawn care; costs for building maintenance and repair; insurance costs; administration

and salary expenses; and reserves if maintained by the association.

(c) If 20 percent of the parcel owners petition the board for a level of financial reporting higher than that required by this section, the association shall duly notice and hold a meeting of members within 30 days of receipt of the petition for the purpose of voting on raising the level of reporting for that fiscal year. Upon approval of a majority of the total voting interests of the parcel owners, the association shall prepare or cause to be prepared, shall amend the budget or adopt a special assessment to pay for the financial report regardless of any provision to the contrary in the governing documents, and shall provide within 90 days of the meeting or the end of the fiscal year, whichever occurs later:

1. Compiled, reviewed, or audited financial statements, if the association is otherwise required to prepare a report of cash receipts and expenditures;
2. Reviewed or audited financial statements, if the association is otherwise required to prepare compiled financial statements; or
3. Audited financial statements if the association is otherwise required to prepare reviewed financial statements.

(d) If approved by a majority of the voting interests present at a properly called meeting of the association, an association may prepare or cause to be prepared:

1. A report of cash receipts and expenditures in lieu of a compiled, reviewed, or audited financial statement;
2. A report of cash receipts and expenditures or a compiled financial statement in lieu of a reviewed or audited financial statement; or
3. A report of cash receipts and expenditures, a compiled financial statement, or a reviewed financial statement in lieu of an audited financial statement.

(8) ASSOCIATION FUNDS; COMMINGLING.--

(a) All association funds held by a developer shall be maintained separately in the association's name. Reserve and operating funds of the association shall not be commingled prior to turnover except the

association may jointly invest reserve funds; however, such jointly invested funds must be accounted for separately.

(b) No developer in control of a homeowners' association shall commingle any association funds with his or her funds or with the funds of any other homeowners' association or community association.

(c) Association funds may not be used by a developer to defend a civil or criminal action, administrative proceeding, or arbitration proceeding that has been filed against the developer or directors appointed to the association board by the developer, even when the subject of the action or proceeding concerns the operation of the developer-controlled association.

(9) APPLICABILITY.--Sections [617.1601](#)-617.1604 do not apply to a homeowners' association in which the members have the inspection and copying rights set forth in this section.

(10) RECALL OF DIRECTORS.--

(a)1. Regardless of any provision to the contrary contained in the governing documents, subject to the provisions of s. [720.307](#) regarding transition of association control, any member of the board⁴ of directors may be recalled and removed from office with or without cause by a majority of the total voting interests.

2. When the governing documents, including the declaration, articles of incorporation, or bylaws, provide that only a specific class of members is entitled to elect a board director or directors, only that class of members may vote to recall those board directors so elected.

(b)1. Board directors may be recalled by an agreement in writing or by written ballot without a membership meeting. The agreement in writing or the written ballots, or a copy thereof, shall be served on the association by certified mail or by personal service in the manner authorized by chapter 48 and the Florida Rules of Civil Procedure.

2. The board shall duly notice and hold a meeting of the board within 5 full business days after receipt of the agreement in writing or written ballots. At the meeting, the board shall either certify the written ballots or written agreement to recall a director or directors of the board, in which case such director or directors shall be recalled effective immediately and shall turn

over to the board within 5 full business days any and all records and property of the association in their possession, or proceed as described in paragraph (d).

3. When it is determined by the department pursuant to binding arbitration proceedings that an initial recall effort was defective, written recall agreements or written ballots used in the first recall effort and not found to be defective may be reused in one subsequent recall effort. However, in no event is a written agreement or written ballot valid for more than 120 days after it has been signed by the member.

4. Any rescission or revocation of a member's written recall ballot or agreement must be in writing and, in order to be effective, must be delivered to the association before the association is served with the written recall agreements or ballots.

5. The agreement in writing or ballot shall list at least as many possible replacement directors as there are directors subject to the recall, when at least a majority of the board is sought to be recalled; the person executing the recall instrument may vote for as many replacement candidates as there are directors subject to the recall.

(c)1. If the declaration, articles of incorporation, or bylaws specifically provide, the members may also recall and remove a board director or directors by a vote taken at a meeting. If so provided in the governing documents, a special meeting of the members to recall a director or directors of the board of administration may be called by 10 percent of the voting interests giving notice of the meeting as required for a meeting of members, and the notice shall state the purpose of the meeting. Electronic transmission may not be used as a method of giving notice of a meeting called in whole or in part for this purpose.

2. The board shall duly notice and hold a board meeting within 5 full business days after the adjournment of the member meeting to recall one or more directors. At the meeting, the board shall certify the recall, in which case such member or members shall be recalled effective immediately and shall turn over to the board within 5 full business days any and all records and property of the association in their possession, or shall proceed as set forth in subparagraph (d).

(d) If the board determines not to certify the written agreement or written ballots to recall a director or directors of the board or does not certify the

recall by a vote at a meeting, the board shall, within 5 full business days after the meeting, file with the department a petition for binding arbitration pursuant to the applicable procedures in ss. [718.112\(2\)\(j\)](#) and [718.1255](#) and the rules adopted thereunder. For the purposes of this section, the members who voted at the meeting or who executed the agreement in writing shall constitute one party under the petition for arbitration. If the arbitrator certifies the recall as to any director or directors of the board, the recall will be effective upon mailing of the final order of arbitration to the association. The director or directors so recalled shall deliver to the board any and all records of the association in their possession within 5 full business days after the effective date of the recall.

(e) If a vacancy occurs on the board as a result of a recall and less than a majority of the board directors are removed, the vacancy may be filled by the affirmative vote of a majority of the remaining directors, notwithstanding any provision to the contrary contained in this subsection or in the association documents. If vacancies occur on the board as a result of a recall and a majority or more of the board directors are removed, the vacancies shall be filled by members voting in favor of the recall; if removal is at a meeting, any vacancies shall be filled by the members at the meeting. If the recall occurred by agreement in writing or by written ballot, members may vote for replacement directors in the same instrument in accordance with procedural rules adopted by the division, which rules need not be consistent with this subsection.

(f) If the board fails to duly notice and hold a board meeting within 5 full business days after service of an agreement in writing or within 5 full business days after the adjournment of the member recall meeting, the recall shall be deemed effective and the board directors so recalled shall immediately turn over to the board all records and property of the association.

(g) If a director who is removed fails to relinquish his or her office or turn over records as required under this section, the circuit court in the county where the association maintains its principal office may, upon the petition of the association, summarily order the director to relinquish his or her office and turn over all association records upon application of the association.

(h) The minutes of the board meeting at which the board decides whether to certify the recall are an official association record. The minutes must record the date and time of the meeting, the decision of the board, and the

vote count taken on each board member subject to the recall. In addition, when the board decides not to certify the recall, as to each vote rejected, the minutes must identify the parcel number and the specific reason for each such rejection.

(i) When the recall of more than one board director is sought, the written agreement, ballot, or vote at a meeting shall provide for a separate vote for each board director sought to be recalled.

¹Note.--As amended by s. 18, ch. 2004-345. For a description of multiple provisions in the same session affecting a statutory provision, see preface to the Florida Statutes, "Statutory Construction." Subsection (2) was also amended by s. 2, ch. 2004-345, and that version reads:

(2) BOARD MEETINGS.--A meeting of the board of directors of an association occurs whenever a quorum of the board gathers to conduct association business. All meetings of the board must be open to all members except for meetings between the board and its attorney with respect to proposed or pending litigation where the contents of the discussion would otherwise be governed by the attorney-client privilege. Notices of all board meetings must be posted in a conspicuous place in the community at least 48 hours in advance of a meeting, except in an emergency. In the alternative, if notice is not posted in a conspicuous place in the community, notice of each board meeting must be mailed or delivered to each member at least 7 days before the meeting, except in an emergency. Notwithstanding this general notice requirement, for communities with more than 100 members, the bylaws may provide for a reasonable alternative to posting or mailing of notice for each board meeting, including publication of notice, provision of a schedule of board meetings, or the conspicuous posting and repeated broadcasting of the notice on a closed-circuit cable television system serving the homeowners' association. However, if broadcast notice is used in lieu of a notice posted physically in the community, the notice must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required. When broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. The bylaws

or amended bylaws may provide for giving notice by electronic transmission in a manner authorized by law for meetings of the board of directors, committee meetings requiring notice under this section, and annual and special meetings of the members; however, a member must consent in writing to receiving notice by electronic transmission. An assessment may not be levied at a board meeting unless a written notice of the meeting is provided to all members at least 14 days before the meeting, which notice includes a statement that assessments will be considered at the meeting and the nature of the assessments. Rules that regulate the use of parcels in the community may not be adopted, amended, or revoked at a board meeting unless a written meeting notice is provided to all members at least 14 days before the meeting, which notice includes a statement that changes to the rules regarding the use of parcels will be considered at the meeting. Directors may not vote by proxy or by secret ballot at board meetings, except that secret ballots may be used in the election of officers. This subsection also applies to the meetings of any committee or other similar body, when a final decision will be made regarding the expenditure of association funds, and to any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

²Note.--As amended by s. 18, ch. 2004-345. For a description of multiple acts in the same session affecting a statutory provision, see preface to the Florida Statutes, "Statutory Construction." Subparagraph (2)(c)2. was also amended by s. 15, ch. 2004-353, and that version reads:

2. An assessment may not be levied at a board meeting unless a written notice of the meeting is provided to all members at least 14 days before the meeting, which notice includes a statement that assessments will be considered at the meeting and the nature of the assessments. Written notice of any meeting at which special assessments will be considered or at which rules that regulate the use of parcels in the community may be adopted, amended, or revoked must be mailed, delivered, or electronically transmitted to the members and parcel owners and posted conspicuously on the property or broadcast on closed-circuit cable television not less than 14 days before the meeting. A written notice concerning changes to the rules that regulate the use of parcels in the community must include a statement that changes to the rules regarding the use of parcels will be considered at the meeting.

³Note.--Substituted for a reference to subparagraph 2. because paragraph (d) is

not divided into subparagraphs and subparagraph (c)2. relates to the 14-day notice requirement.

⁴Note.--The word "of" was substituted for the word "or" by the editors to conform to context.

720.304 Right of owners to peaceably assemble; display of flag; SLAPP suits prohibited.--

(1) All common areas and recreational facilities serving any homeowners' association shall be available to parcel owners in the homeowners' association served thereby and their invited guests for the use intended for such common areas and recreational facilities. The entity or entities responsible for the operation of the common areas and recreational facilities may adopt reasonable rules and regulations pertaining to the use of such common areas and recreational facilities. No entity or entities shall unreasonably restrict any parcel owner's right to peaceably assemble or right to invite public officers or candidates for public office to appear and speak in common areas and recreational facilities.

(2) Any homeowner may display one portable, removable United States flag or official flag of the State of Florida in a respectful manner, and on Armed Forces Day, Memorial Day, Flag Day, Independence Day, and Veterans Day may display in a respectful manner portable, removable official flags, not larger than 4¹/₂ feet by 6 feet, which represent the United States Army, Navy, Air Force, Marine Corps, or Coast Guard, regardless of any declaration rules or requirements dealing with flags or decorations.

(3) Any owner prevented from exercising rights guaranteed by subsection (1) or subsection (2) may bring an action in the appropriate court of the county in which the alleged infringement occurred, and, upon favorable adjudication, the court shall enjoin the enforcement of any provision contained in any homeowners' association document or rule that operates to deprive the owner of such rights.

(4) It is the intent of the Legislature to protect the right of parcel owners to exercise their rights to instruct their representatives and petition for redress of grievances before the various governmental entities of this state as protected by the First Amendment to the United States Constitution and s. 5, Art. I of the State Constitution. The Legislature recognizes that "Strategic Lawsuits Against Public Participation" or "SLAPP" suits, as they are typically called, have occurred when members

are sued by individuals, business entities, or governmental entities arising out of a parcel owner's appearance and presentation before a governmental entity on matters related to the homeowners' association. However, it is the public policy of this state that government entities, business organizations, and individuals not engage in SLAPP suits because such actions are inconsistent with the right of parcel owners to participate in the state's institutions of government. Therefore, the Legislature finds and declares that prohibiting such lawsuits by governmental entities, business entities, and individuals against parcel owners who address matters concerning their homeowners' association will preserve this fundamental state policy, preserve the constitutional rights of parcel owners, and assure the continuation of representative government in this state. It is the intent of the Legislature that such lawsuits be expeditiously disposed of by the courts.

(a) As used in this subsection, the term "governmental entity" means the state, including the executive, legislative, and judicial branches of government, the independent establishments of the state, counties, municipalities, districts, authorities, boards, or commissions, or any agencies of these branches which are subject to chapter 286.

(b) A governmental entity, business organization, or individual in this state may not file or cause to be filed through its employees or agents any lawsuit, cause of action, claim, cross-claim, or counterclaim against a parcel owner without merit and solely because such parcel owner has exercised the right to instruct his or her representatives or the right to petition for redress of grievances before the various governmental entities of this state, as protected by the First Amendment to the United States Constitution and s. 5, Art. I of the State Constitution.

(c) A parcel owner sued by a governmental entity, business organization, or individual in violation of this section has a right to an expeditious resolution of a claim that the suit is in violation of this section. A parcel owner may petition the court for an order dismissing the action or granting final judgment in favor of that parcel owner. The petitioner may file a motion for summary judgment, together with supplemental affidavits, seeking a determination that the governmental entity's, business organization's, or individual's lawsuit has been brought in violation of this section. The governmental entity, business organization, or individual shall thereafter file its response and any supplemental affidavits. As soon as practicable, the court shall set a hearing on the petitioner's motion, which shall be held at the earliest possible time after the filing of the governmental entity's, business organization's or individual's response.

The court may award the parcel owner sued by the governmental entity, business organization, or individual actual damages arising from the governmental entity's, individual's, or business organization's violation of this section. A court may treble the damages awarded to a prevailing parcel owner and shall state the basis for the treble damages award in its judgment. The court shall award the prevailing party reasonable attorney's fees and costs incurred in connection with a claim that an action was filed in violation of this section.

(d) Homeowners' associations may not expend association funds in prosecuting a SLAPP suit against a parcel owner.

(5)(a) Any parcel owner may construct an access ramp if a resident or occupant of the parcel has a medical necessity or disability that requires a ramp for egress and ingress under the following conditions:

1. The ramp must be as unobtrusive as possible, be designed to blend in aesthetically as practicable, and be reasonably sized to fit the intended use.
2. Plans for the ramp must be submitted in advance to the homeowners' association. The association may make reasonable requests to modify the design to achieve architectural consistency with surrounding structures and surfaces.

(b) The parcel owner must submit to the association an affidavit from a physician attesting to the medical necessity or disability of the resident or occupant of the parcel requiring the access ramp. Certification used for s. [320.0848](#) shall be sufficient to meet the affidavit requirement.

(6) Any parcel owner may display a sign of reasonable size provided by a contractor for security services within 10 feet of any entrance to the home. History.--s. 36, ch. 92-49; s. 51, ch. 2000-258; s. 1, ch. 2002-50; s. 19, ch. 2004-345; s. 16, ch. 2004-353.

720.305 Obligations of members; remedies at law or in equity; levy of fines and suspension of use rights; failure to fill sufficient number of vacancies on board of directors to constitute a quorum; appointment of receiver upon petition of any member.--

(1) Each member and the member's tenants, guests, and invitees, and

each association, are governed by, and must comply with, this chapter, the governing documents of the community, and the rules of the association. Actions at law or in equity, or both, to redress alleged failure or refusal to comply with these provisions may be brought by the association or by any member against:

- (a) The association;
- (b) A member;
- (c) Any director or officer of an association who willfully and knowingly fails to comply with these provisions; and
- (d) Any tenants, guests, or invitees occupying a parcel or using the common areas.

The prevailing party in any such litigation is entitled to recover reasonable attorney's fees and costs. This section does not deprive any person of any other available right or remedy.

(2) If the governing documents so provide, an association may suspend, for a reasonable period of time, the rights of a member or a member's tenants, guests, or invitees, or both, to use common areas and facilities and may levy reasonable fines, not to exceed \$100 per violation, against any member or any tenant, guest, or invitee. A fine may be levied on the basis of each day of a continuing violation, with a single notice and opportunity for hearing, except that no such fine shall exceed \$1,000 in the aggregate unless otherwise provided in the governing documents. A fine shall not become a lien against a parcel. In any action to recover a fine, the prevailing party is entitled to collect its reasonable attorney's fees and costs from the nonprevailing party as determined by the court.

(a) A fine or suspension may not be imposed without notice of at least 14 days to the person sought to be fined or suspended and an opportunity for a hearing before a committee of at least three members appointed by the board who are not officers, directors, or employees of the association, or the spouse, parent, child, brother, or sister of an officer, director, or employee. If the committee, by majority vote, does not approve a proposed fine or suspension, it may not be imposed.

(b) The requirements of this subsection do not apply to the imposition of suspensions or fines upon any member because of the failure of the

member to pay assessments or other charges when due if such action is authorized by the governing documents.

(c) Suspension of common-area-use rights shall not impair the right of an owner or tenant of a parcel to have vehicular and pedestrian ingress to and egress from the parcel, including, but not limited to, the right to park.

(3) If the governing documents so provide, an association may suspend the voting rights of a member for the nonpayment of regular annual assessments that are delinquent in excess of 90 days.

(4) If an association fails to fill vacancies on the board of directors sufficient to constitute a quorum in accordance with the bylaws, any member may apply to the circuit court that has jurisdiction over the community served by the association for the appointment of a receiver to manage the affairs of the association. At least 30 days before applying to the circuit court, the member shall mail to the association, by certified or registered mail, and post, in a conspicuous place on the property of the community served by the association, a notice describing the intended action, giving the association 30 days to fill the vacancies. If during such time the association fails to fill a sufficient number of vacancies so that a quorum can be assembled, the member may proceed with the petition. If a receiver is appointed, the homeowners' association shall be responsible for the salary of the receiver, court costs, attorney's fees, and all other expenses of the receivership. The receiver has all the powers and duties of a duly constituted board of directors and shall serve until the association fills a sufficient number of vacancies on the board so that a quorum can be assembled.

720.3055 Contracts for products and services; in writing; bids; exceptions.

(1) All contracts as further described in this section or any contract that is not to be fully performed within 1 year after the making thereof for the purchase, lease, or renting of materials or equipment to be used by the association in accomplishing its purposes under this chapter or the governing documents, and all contracts for the provision of services, shall be in writing. If a contract for the purchase, lease, or renting of materials or equipment, or for the provision of services, requires payment by the

association that exceeds 10 percent of the total annual budget of the association, including reserves, the association must obtain competitive bids for the materials, equipment, or services. Nothing contained in this section shall be construed to require the association to accept the lowest bid.

(2)(a)1. Notwithstanding the foregoing, contracts with employees of the association, and contracts for attorney, accountant, architect, community association manager, engineering, and landscape architect services are not subject to the provisions of this section.

2. A contract executed before October 1, 2004, and any renewal thereof, is not subject to the competitive bid requirements of this section. If a contract was awarded under the competitive bid procedures of this section, any renewal of that contract is not subject to such competitive bid requirements if the contract contains a provision that allows the board to cancel the contract on 30 days' notice. Materials, equipment, or services provided to an association under a local government franchise agreement by a franchise holder are not subject to the competitive bid requirements of this section. A contract with a manager, if made by a competitive bid, may be made for up to 3 years. An association whose declaration or bylaws provide for competitive bidding for services may operate under the provisions of that declaration or bylaws in lieu of this section if those provisions are not less stringent than the requirements of this section.

(b) Nothing contained in this section is intended to limit the ability of an association to obtain needed products and services in an emergency.

(c) This section does not apply if the business entity with which the association desires to enter into a contract is the only source of supply within the county serving the association.

(d) Nothing contained in this section shall excuse a party contracting to provide maintenance or management services from compliance with s. [720.309](#).
